

## Brad Benson Auto Group

Adding video embed code to pages within Brad Benson family of websites

### Steps

1. Upload video to video sharing site such as, "YouTube".
2. Copy, "Embed Code" onto clipboard

The screenshot shows a YouTube video player interface. The video title is "Brad Benson - Brad Benson NJ Hyundai Dealer NY Giants # 60". The video content shows a man in a white shirt and tie sitting at a desk, talking on a phone. A sign in the background reads "BRAD BENSON HYUNDAI". Below the video player, there is a rating section with 26 ratings and a view count of 11,284. To the right of the video player, there is a sidebar with video information, including the channel name "TimbreMedia", the date added "May 18, 2007", and the video title. The embed code is highlighted with a red circle.

3. Go to administrative area for website (Auto Group, Hyundai, Mitsubishi or Used Cars), select, "Single Page CMS" and locate page you want to insert video (or create new one).
4. Switch WYSIWYG (what you see is what you get) editor from, "Design" mode to, "HTML" mode.

5. Paste Embed code from You Tube into window. If there is text or any other HTML code go to the end of the code and hit the return / enter key twice, this will put a paragraph space between the text and the video.
  - a. If you would like to add text beneath the video just go to the end of the embed code and hit the return / enter key twice and type your text. If you want to format the text (bold, underline, hyperlinks etc.) just click on the, "Design" tab at the bottom to go back to the WYSIWYG editor.

- Click, "Add new webpage" when you are done.

- If you would like the video window to be smaller go back to the WYSIWYG editor for the specified page and click the, "HTML" tab so you can view the YouTube embed code.
- In the embed code located the size parameters:

```
<object width="425" height="344"><param name="movie"
value="http://www.youtube.com/v/rx1_0B6L6ms&hl=en&fs=1"></param><param
name="allowFullScreen" value="true"></param><embed
src="http://www.youtube.com/v/rx1_0B6L6ms&hl=en&fs=1" type="application/x-
shockwave-flash" allowfullscreen="true" width="425" height="344"></embed></object>
```

- Adjust size as desired.
  - NOTE: You can only make the size smaller and you must adjust proportionately. For example, if you reduce the width by 10% (making it 382.5) you must also adjust the height by 25% (making it 309.6).**
